

EPUAP 2018 PROGRAMME OVERVIEW

Wednesday 12 September 2018						
08:00	Registration area > Registration, badge and bag collection					
	Aula Major (Plenary Hall)	Aula Minor	Colonne Hall	Hall no. 2	Hall no. 11	Orangery
08:00–09:00	Exhibition area > Morning coffee & tea					
09:00–10:00	Plenary session					
10:00–11:30	Key session 1: Interdisciplinary, interprofessional teamwork, combined with technological innovations: A winning approach to pressure ulcer prevention and management for all age groups					
11:30–13:00	Exhibition area > Lunch break, exhibition viewing		Lunch with experts 2: How to enhance the integration of evidence and guidelines into practice		Lunch with experts 1: The role of biomechanics in pressure ulcer prevention and treatment	
13:00–14:30	Key session 2: Multidisciplinary pressure ulcer prevention and treatment for our most fragile patients: From premature to elderly patients	Key session 3: IAD: The GLOBIAD experience and the team concept		Free paper session 1: Teamwork and pressure ulcer prevention and management in specific patient groups: Spinal cord, intensive care, operating room, elderly, palliative and disabilities (1)	Industry satellite symposium 1	
	Poster area > Poster presentations A					
14:30–15:30	Exhibition area > Coffee break, exhibition viewing					
15:30–16:30	Key session 4: Journal of Tissue Viability & Clinical Biomechanics Award	Key session 5: Basic science: Biomechanics and aetiology	Industry workshop 1		Specialist session 1: Pressure ulcer and malnutrition: A health problem for hospital inpatients: Supporting pressure ulcer care	
16:30–18:00	Key session 6: Biophysical agents in pressure ulcer treatment: Novel therapies	Key session 7: Medical device related pressure ulcers: Aetiology, research and clinical practice to enhance prevention among persons of different ages and in different settings	Industry workshop 2 (16:45 - 17:45)		Free paper session 3: Teamwork and pressure ulcer prevention and management in specific patient groups: Spinal cord, intensive care, operating room, elderly, palliative and disabilities (2)	Free paper session 2: Basic science: Biomechanics and aetiology & Biophysical agents in pressure ulcer treatment: Novel therapies
18:30–20:30	Exhibition area > Welcome reception					

EPUAP 2018 PROGRAMME OVERVIEW

Thursday 13 September 2018						
07:00–08:00	City of Rome ► EPUAP Roma Walk					
08:00	Registration area ► Registration, badge and bag collection					
	Aula Major (Plenary Hall)	Aula Minor	Colonne Hall	Hall no. 2	Hall no. 11	Orangery
09:00–10:00	Key session 8: Negative pressure wound therapy in paediatric and adult patients	Industry satellite symposium 2		Specialist session 2: When updating guidelines for clinical practice, the paediatric population should not be forgotten	Student free paper session 1	
10:00–11:00	Key session 9: Allied health professionals' perspectives of pressure ulcer prevention	Key session 10: AIUC – AISLeC joint session: Two main Italian wound care societies cooperating against pressure ulcers: Confederation as a team	Industry workshop 3	Free paper session 4: Smart materials, sensor measuring, moving detection, "wearables"		
	Poster area ► Poster presentations B					
11:00–11:45	Exhibition area ► Coffee break, exhibition viewing					
11:45–12:45	Key session 11: EPUAP Quality Improvement Projects Awards	Key session 12: Innovations in plastic and reconstructive surgery for pressure ulcers and other challenging wounds	Workshop 1: Challenges in pressure ulcers prevention and management in critically ill patients (11:45 - 12:30)	Free paper session 5: Innovations in pressure ulcers prevention bundle: Patient safety, quality of care, evidence based practice and policy	Free paper session 6: Negative pressure wound therapy: From premature to elderly patients (11:45 - 12:30)	
12:45–13:45	Exhibition area ► Lunch break, exhibition viewing		Industry lunch symposium			Garden Class: Natural wound care: Phytochemicals and bioactive natural products for wound healing
13:45–14:15	Annual General Assembly of the EPUAP					
14:15–15:15	Key session 13: EPUAP-EWMA joint patient safety session		Industry workshop 4:	Specialist session 3: Biomarkers for identifying patients at risk of pressure ulcers	Free paper session 7: Medical device related pressure ulcers: Aetiology and research to enhance prevention at different ages and indifferent settings	
15:15–16:15	Key session 14: EPUAP Experienced and Novice Investigator Awards 2018	Industry satellite symposium 3	Workshop 2: Using simulation to enhance knowledge and skills in NPWT	Student free paper session 2		
16:15–17:00	Exhibition area ► Coffee break, exhibition viewing					
17:00–18:00	Key session 15: Innovations in pressure ulcer prevention bundle: Patient safety, quality of care, evidence based practice and policy	Industry satellite symposium 4 (17:00-18:30)	Workshop 3: Repositioning for pressure ulcer prevention	Workshop 4: Collaborating with patients to improve research and practice	Free paper session 8: Multidisciplinary pressure ulcer prevention and treatment in our most fragile patients: From the premature to the aged population & Basic science: Biomechanics and aetiology (17:00-18:30)	
20:00	Villa Aurelia ► Conference Dinner					

EPUAP 2018 PROGRAMME OVERVIEW

Friday 14 September 2018						
08:00 Registration area ▶ Registration, badge and bag collection						
	Aula Major (Plenary Hall)	Aula Minor	Colonne Hall	Hall no. 2	Hall no. 11	Orangery
09:00–10:00	Key session 16: Overcoming communication difficulties: Telemedicine for remote pressure ulcer management consultations	Free paper session 9: Innovations in plastic and reconstructive surgery for pressure ulcers	Workshop 5: Selecting and managing dressings and dermal/skin substitutes	Free paper session 10: Innovative methods, models and projects in pressure ulcer prevention and treatment		
10:00–10:45 Exhibition area ▶ Coffee break, exhibition viewing						
10:45–12:15	Expert teamwork: A winning approach for wounded patients: Complex cases					
12:15–12:45	EPUAP 2019, Lyon, France Closing of the conference
